

1. Parasite Protocol (Focus: Infection Patterns)

Replace broad digestion + fatigue with:

- Do you experience **anal itching, especially at night**?
 - Have you noticed **undigested food in stool**?
 - Do you have **sudden intense sugar cravings unrelated to hunger**?
 - Do you grind your teeth at night (bruxism)?
 - Have you traveled internationally or consumed untreated water recently?
-

2. Leaky Gut Protocol (Focus: Barrier Dysfunction)

- Do you experience **multiple food sensitivities that developed over time**?
 - Do symptoms worsen **within 1–2 hours after eating**?
 - Do you have **autoimmune-related symptoms** (joint pain, inflammation)?
 - Do you experience **brain fog after meals specifically**?
 - Do you react poorly to gluten or dairy?
-

3. Adrenal Stress Protocol (Focus: Cortisol Rhythm)

- Do you feel **wired but tired at night**?
 - Do you struggle to **wake up even after full sleep**?
 - Do you rely on caffeine to function?
 - Do you feel a **second wind late at night**?
 - Do you experience **stress-triggered energy crashes**?
-

4. Heavy Metal Toxicity Protocol (Focus: Neurotoxicity)

- Do you have **metallic taste in your mouth**?
 - Do you experience **tremors or poor coordination**?
 - Do you have **sensitivity to smells or chemicals**?
 - Do you have a history of **amalgam fillings or occupational exposure**?
 - Do you experience **persistent headaches unrelieved by hydration**?
-

5. Whole Body Detox Protocol (Focus: Elimination Pathways)

- Do you sweat **very little even during exercise**?
 - Do you have **strong body odor despite hygiene**?
 - Do you experience **frequent headaches during fasting or dieting**?
 - Do you have **coated tongue (white/yellow film)**?
 - Do you feel worse when starting “clean eating” or detox programs?
-

6. Liver Protocol (Focus: Metabolic Processing)

- Do you feel **nauseous after eating fatty foods**?
 - Do you experience **right-side rib discomfort**?
 - Do you have **dark urine or pale stools**?
 - Do you feel **sluggish after meals high in protein/fat**?
 - Do you have a history of **medication or alcohol use affecting liver**?
-

7. Kidney Protocol (Focus: Fluid & Filtration)

- Do you experience **puffiness under the eyes (especially morning)**?
 - Do you have **foamy urine**?
 - Do you wake up **multiple times at night to urinate**?
 - Do you feel **lower back dull ache (kidney area)**?
 - Do you have a history of **electrolyte imbalance or dehydration**?
-

8. Gallbladder Protocol (Focus: Bile Flow)

- Do you feel **full quickly when eating fatty meals**?
 - Do you experience **pain between shoulder blades after eating**?
 - Do you have **floating or greasy stools**?
 - Do you avoid fatty foods because they make you feel worse?
 - Do you experience **burping or nausea after fats specifically**?
-

9. Menopause Protocol (Focus: Hormonal Fluctuation)

- Are your symptoms **cyclical or hormone-triggered**?
 - Do you experience **sudden heat surges (not linked to environment)**?
 - Do you have **sleep disruption between 2–4 AM**?
 - Do you notice **changes in body fat distribution (midsection)**?
 - Do you experience **reduced stress tolerance compared to before**
-

10. Anemia Protocol (Focus: Oxygen Transport)

- Do you experience **shortness of breath with mild exertion**?
- Do you have **cravings for non-food items (ice, dirt – pica)**?
- Do you have **brittle nails or hair thinning**?
- Do you experience **rapid heartbeat when standing up**?
- Do you feel **cold even in warm environments**
